(54) DRUM TYPE CLOTHING DRIER AND DRYING RACK

(57) Abstract:

PROBLEM TO BE SOLVED: To prevent traces of a drying rack from being left on a material to be dried and to prevent a material to be dried from falling.

SOLUTION: A material to be dried placing part 40a of a drying rack 40 installed in such a manner as to be extended in a stationary state in a drying chamber 4 formed by a drying drum is formed like a net, and an enclosure part 40b is erected on the peripheral edge part thereof, whereby traces of a drying rack can be prevented from being left on a material to be dried, and a material to be dried can be prevented from getting out of shape and falling.
